About the company

Rajah & Tann Singapore LLP is a law firm headquartered in Singapore, with affiliate offices in Cambodia, China, Indonesia, Laos, Malaysia, Myanmar, Philippines, Thailand and Vietnam. Founded in 1976, it is a member firm of Rajah & Tann Asia, which is the largest network of law firms in Southeast Asia with over 700 lawyers and fee-earners.

Rajah & Tann has practices in banking, competition, corporate governance, corporate finance, dispute resolution, information technology, infrastructure, insolvency, insurance, mergers and acquisitions, shipping, telecommunications and trade. They are regarded as one of the "Big Four" law firms in Singapore. Its clientele ranges from multinational and Fortune 500 corporations to emerging high-tech enterprises and start-ups.

About the internship

Rajah & Tann are keen to provide opportunities for undergraduate students interested in gaining an exposure to work experience and 'hands on' training for a career in law. The intern will have involvement in document file management, legal research, attending court hearings, meeting and liaising with clients, and have regular reviews with senior practitioners. The intern will have the opportunity to participate, assist and contribute to on-going live files and matters.

The internship would also be different from other internships in a typical Singapore law firm owing to the connectivity with the different member firms of the R&T Asia network. It is not unusual to find cross border elements in a particular matter which the intern would be involved in. Having a pan Asian perspective sets the internship apart from the norm.
