Module Modification

Start

- Module modification form completed with input from CAPP

- Form submitted to School committee for approval

- Do the School approve the modification?
  - Yes: Modification form submitted to CMT for set up on Banner
    - CMT modify module data in Banner
    - CMT notify School on completion of modification
  - No: Module Modification

End

- Single Source gives Schools the ability to modify module descriptions, module leader & reading lists removing the need for modification paperwork to be completed for these changes saving Schools time and reducing data entry for CMT.
- Schools given the ability to enter KIS contact hours directly into Banner via interface removing need for data collection exercise
