

8th March 2015

What's been going on this week:

This week we have been working on the roofs of both the tall and small tower. The window, brickwork and cladding installations have been ongoing to all buildings.

Internally the bedrooms are being fitted out with furniture and the decoration and M&E works have been continuing.

What's happening next week:

Next week we will be continuing with the works to the envelopes of the buildings as well as the internals.

We are preparing the site for the drainage and service trenching which is due to start in two weeks. The tower crane is due for removal shortly with dates still to be confirmed.

Things to be aware of:

The site hours Monday to Friday are 07:00 to 19:00

We will be working weekends for the next few weeks.

The removal of the large tower crane is due within the next two weeks – dates to be confirmed.

The cutting of the cladding can produce noise that is louder than general construction activities on site.

Any queries? Who to contact:

If you have any comments or queries please feed them back to the Vale Reception who will pass them on to us.
