

10th June 2015

What's been going on this week:

This week we have been finishing rooms by laying carpet tiles and starting to clean through the first bedrooms.

Externally we have been laying ducts between the four buildings and continuing with brickwork and cladding. The external lift has also been removed from the tower.

What's happening next week:

Next week the internal works will continue with the furniture continuing to be fitted and the carpets following. The external works will also continue and more of the mast climbers will be removed from the tower.

Things to be aware of:

The site hours are generally Monday to Friday are 07:00 to 18:00

We will be working weekends.

The cutting of the cladding can produce noise that is louder than general construction activities on site.

Any queries? Who to contact:

If you have any comments or queries please feed them back to the Vale Reception who will pass them on to us.
