

22nd May 2015

What's been going on this week:

This week we have started installing the heating pipes between the buildings.

The window installation has been continuing to all buildings as well as the cladding work and brickwork.

Internally the furniture is being fitted to the bedrooms and kitchens and the rooms are being painted.

What's happening next week:

Next week the finishing trades will continue to work through the bedrooms and kitchens.

Externally the work to the envelopes will be continuing.

The installation of the heating pipes and drainage will also be continuing.

Things to be aware of:

The site hours are generally Monday to Friday are 07:00 to 18:00

We will be working weekends and we are working Bank Holiday Monday.

The cutting of the cladding can produce noise that is louder than general construction activities on site.

Any queries? Who to contact:

If you have any comments or queries please feed them back to the Vale Reception who will pass them on to us.
