

# IS YOUR CHILD OVER 11?

**Join care-4 today to save on your childcare costs**

**If you are a working parent with a child or children aged over 11 and you pay for childcare, read on....**

You have the opportunity to save up to £933\* per year on your childcare costs through your employer provided care-4 scheme.

Hurry though, you have limited time to join. Registrations for care-4 will close in September as you must have received a payment into your care-4 account from your pay by 4th October 2018 to make savings through the scheme.

As a participant, you can save on your childcare costs through care-4 until your child is aged 16 or you are no longer eligible.

The savings are per employee and so if both parents are eligible to join, you can save more.

\* Depending on the rate at which you pay income tax and National Insurance Contributions

**START SAVING TODAY:-**

**For full details of this benefit and how to join visit your company benefits information.**

**Registration takes no more than 10 minutes**
