## Birmingham lecturer longlisted for Booker Prize

The Kills by Dr Richard House, Department of English, has been included on the 2013 Man Booker Prize long list. The Kills is a digital first – a novel in four parts, all released at first as enhanced ebooks which contain rich audio, visual, and web content created by Dr House to support and extend the text-based narrative. The physical book was released in July 2013. The shortlist will be announced on 10 September, further details on The Kills are on the [University website](#).

## Humphreys Lecture 2013 – Sir Paul Nurse

**Date/Time:** 4 September, 1.00pm

**Venue:** Leonard Deacon Lecture Theatre, Medical School

Sir Paul Nurse, Chief Executive and Director of the Francis Crick Institute and President of the Royal Society, will present this year's Humphreys Lecture titled 'Controlling the Cell Cycle'. Sir Paul was honoured with a knighthood for services to cancer research and cell biology in 1999, and awarded the Nobel Prize for Physiology or Medicine in 2001. This lecture is open to all; registration is not required. For details contact [Yvonne Dawson](#).

## Lapworth Museum redevelopment

The University's [Lapworth Museum of Geology](#) is developing proposals for an exciting new £3million redevelopment project. If fundraising activities are successful, including a £1.6million application to the Heritage Lottery Fund, the unique Edwardian core of the Lapworth will be restored, and new galleries and innovative interpretation methods will be introduced. As part of the planning process we would like to know what people think of the existing museum and future plans. Even if you have not visited the museum, comments on what might encourage you to do so would be welcomed. Have your say by completing a [short survey](#) plus why not enter our caption competition? [Email](#) your caption for this picture of a porcupine fish by 1 September for your chance to win a free 'behind the scenes tour' of the museum for up to four people.

### University Professor ranked in 'Hottest Research of 2012'

Professor Gregory YH Lip, Professor of Cardiovascular Medicine, has been ranked amongst the Science Watch 'Hottest Research of 2012'. This annual ranking is based on bibliographic research and recognises researchers whose recent published papers recorded notably higher levels of citations than the previous year. Further details and link to the full ranking are on the University [website](#).

### Writing Summer School success

The University Graduate School held its first Writing Summer School in July. The event for postgraduate researchers brought together experts on writing, editing and publishing for three busy days of events and talks. Initial feedback has been overwhelmingly positive with attendees finding the experience both enjoyable and useful. Writing development is a key area of University Graduate School activity and new writing workshops are planned for autumn 2013. Further details are on the Graduate School [intranet](#).

## Retention of graduate talent in the region

Professor Edward Peck attended Business Quarterly (BQ) Live in July; an informative debate focused on apprenticeships and the retention of graduate talent in the West Midlands. BQ Magazine is highly regarded amongst its readership of senior business leaders as an independent commentator on business issues, many of which have a bearing on the current and future success of our regional business economies.

## Centre for Russian and East European Studies (CREES) celebrates 50 years

CREES is 50 years-old this year, and is celebrating its anniversary with a high profile seminar series including talks by former Slovak Prime Minister Iveta Radicova, and an Honorary Director General of the EU Commission. The high point of the celebrations so far was a special CREES annual conference held in June. Further details are on the [intranet](#).
