### University Ring Road closures

Preparatory building work for the University's new library means it will soon be necessary to close and divert the University's Ring Road North permanently. The exact dates for this closure have not yet been finalised but will be communicated to staff as soon as they are confirmed. The diversion will take place in two stages:

**Stage 1:** the road will be diverted from a point near to the Munrow Sports Centre and re-join the ring road by Muirhead Tower.

**Stage 2:** by the end of the summer, a new road will be in place that will run from the sports centre, alongside the old site of the running track, to join Pritchatts Road. The road that runs under Muirhead Tower will then be closed. Internal traffic will be unable to circumnavigate campus via the Ring Road North without exiting on to Pritchatts Road either via the barrier opposite the new multi-storey car park or a new exit opposite Elms Road.

Anyone who is concerned about these changes, or has events planned for which the use of the ring road has been assumed, should contact [Kara Griffiths](#), Communications Manager for Estates Development.
