- 3.5 Should an application not be approved, the candidate may not apply for a higher doctorate at the University of Birmingham for a further three years.

nominate assessors as under 5.1 below.

4. Submission

- 4.1 The submission shall be prefaced by a synopsis of not more than 5 000 words detailing the candidate's research record, outlining clearly the research interests and achievements through reference to the selected publications. There should be clear evidence that the selected publications are of international quality and have made an original, substantial and authoritative contribution to knowledge in the candidate's field of study. Where necessary, the candidate should indicate the nature of the contribution to jointly-authored publications. The University reserves the right to consult any of the co-authors or collaborators concerning the statement.
- 4.2 The candidate must provide copies of all publications which they have indicated they wish to be considered for assessment in 3.1.2 above.
