- 2.2 Graduates of other universities will be eligible to apply for candidature for a higher doctorate as set out in 2.1.1 - 2.1.3 above, providing that at the time of their application; they have held a contract of employment in either a teaching or a research capacity for two years at this University.

3. Application for Candidature

- 3.1 All candidates should supply the following to Registry:
- 3.1 .1 A completed application form, showing the summary title of the work to be submitted.
 - 3.1 .2 An up-to-date CV, including a full publication list, indicating those items which will be submitted for assessment.
- 3.2 Each application for candidature for a higher doctorate shall be considered by a Review Group, appointed by the Head of the appropriate Principal Academic Unit (PAU) in which the candidate's field of study lies. The Review Group will comprise of three people with at least two people external to the University. Membership of the Review Group shall not be disclosed to the candidate.
- 3.3 The Review Group shall submit a report to Registry within three months of the application being received within the PAU, stating whether there is a prima facie case for the work to be submitted for assessment for the award of a higher doctorate.
- 3.4 If the candidature is approved by the Review Group, the candidate will be advised by Registry that they may proceed with their submission to be made within one year of the Review Group's decision.
- 3.5 Should an application not be approved, the candidate may re-apply for candidature for a higher doctorate at the University of Birmingham after three years.

4. Submission

- 4.1 The submission shall be prefaced by a synopsis of not more than 5 000 words detailing the candidate's research record, outlining clearly the research interests and achievements through reference to the selected publications. There should be clear evidence that the selected publications are of international quality and have made an original, substantial and authoritative contribution to knowledge in the candidate's field of study. Where necessary, the candidate should indicate the nature of the contribution to jointly-authored publications. The University reserves the right to consult any of the co-authors or collaborators concerning the statement.
- 4.2 The candidate must provide copies of all publications which they have indicated they wish to be considered for assessment in 3.1.2 above.
- 4.3 All research degree theses shall be submitted in English. It is the responsibility of the candidate to ensure that any publication submitted in a foreign language is translated and professionally certified.
